

Forum For International Trade Training (FITTskills) Certificate

What is FITTskills?

FITTskills is a national program developed by the Forum for International Trade Training (FITT) that focuses on the practical aspects of international business, including logistics, trade finance, nation-by-nation marketing opportunities, market entry strategies and sound international management techniques.

The University of Regina Centre for Continuing Education, has entered into a partnership with the Estey Centre for Law and Economics in International Trade to further the knowledge, understanding and practice of international business and trade.

The FITTskills program, consisting of 8 courses, has been modified to meet the needs of busy entrepreneurs and managers. Participants study the material and undertake exercises on their own over approximately 3 weeks, and then attend a 2-day intensive workshop on weekends, with other international business managers, and seasoned, professional international trade instructors.

Students who complete all 8 courses receive a Diploma in International Trade from the FITTskills Institute that satisfies the educational requirements for the Certified International Trade Profession (C.I.T.P) designation. Students who complete any 4 modules receive a Certificate of Achievement in International Trade. The cost for each course is \$575 (plus GST). Tuition fees cover all course materials and examination fee.

Tuition Fee: \$575.00 (plus GST).

Fee covers all course materials and examination fee.
